Užice, february 2016.

Project task:

Activity 4.4 Organization of the Courses Activity 7.4 Conducted workshops

The description of the project task:

Within the Work Package 4 and Work Package 7 of the project, educate tourism related stakeholders of the four municipalities of Western Serbia (Nova Varoš, Prijepolje, Priboj, Sjenica) on the theme of improving business in rural tourism, with emphasis on the preparation of the households for the categorization, reception and stay of tourists.

The description of the outcome:

The workshop was attended by 42 participants. Within five-hour training, representatives of rural households, tourist organisations, travel agencies, youth associations, civil associations, associations for the development of villages in Prijepolje, Nova Varoš and Priboj, were given with the plenty of information important for the development of rural tourism.

On the second day of the workshop, the 20 participants attended practical training. A visit to the households that provide services in rural tourism and that prepare capacities to perform this activity was organized in groups. Through practical examples and in consultation with Professor Stojanović, participants have got a large number of useful information necessary for the improvement of operations and to achieve better quality in providing services in rural tourism.

This report is the result of joint work of project tim formed by the representatives of all business schools.

In the organisation of Regional Chamber of Commerce Užice, Tourist Organisation of Western Serbia and Užice Higher Business and Technical School and in partnership with the Tourist Organizations of Zlatar, Prijepolje, Sjenica and Priboj, two-day workshop and the training on the topic "Preparation of the household in rural and urban areas for categorization, reception and stay of tourists" was held on 11th and 12th of February.

Image 1. Training and whorkshops participants/Dragoslav Nikolić, president of RCC Užice welcomes the participants of the workshop

Moderator of the workshop was Mirjana Krdžić, coordinator of the Tempus mhtsps program from Regional Chamber of Commerce Užice. The workshop was opened by Dragoslav Nikolić, the president of RCC Užice. In his opening remarks, participants were acquainted with the activities of Tempus project within which this workshop was organised. Regional Chamber of Commerce Užice is one of the partners in the Tempus project which deals with the modernization and harmonization of study programs in tourism and the implementation of training and workshops for the needs of the tourism industry in line with the identified needs. In addition, besides Regional Chamber of Commerce Užice, project partners are Užice Business School, as well as a leading partner, Business School in Leskovac, Faculty of Hotel and Tourism Management Vrnjačka Banja (University of Kragujevac), TO Western Serbia, TO Leskovac and Chamber of Commerce of Vojvodina. Besides domestic partners, foreign partners from the EU member countries: Greece, Romania, Great Britain are also involved in the Tempus mhtsps. One of the important activities that RCC Užice implements within the framework of this project is the establishment and strengthening of the business cooperation between economic entities from the region from the field of tourism and higher education institutions in Serbia that have

study programs in this field.

Image 2. Presentation of professor Radomir Stojanović – Užice Business School

The first day of training that was realized in the Congress Hall of Hotel "Panorama" on Zlatar, educational program covered a great number of issues and practical problems Serbian hosts are facing. Professor Radomir Stojanović from the Užice Business School presented to the representatives the regulations and standards in rural tourism and important information related to the preparation of the household for the reception of guests, the necessary records, the process of categorization of objects, the importance of organizing and associating and the importance of the internet in doing business and promoting this type of tourism.

Image 3. Prezentation of Radomir Lišanin – Tourist organization of Ivanjica

Radomir Lišanin, director of the Tourist Organization of Ivanjica presented the most important information related to the animation, tourist guiding in rural tourism, providing of food and beverage services in rural household and the importance of promoting of the sales of these types of services. Dušanka Selaković, Associate of Tourist Organization of Užice, held the presentation on equipping and organization of household, communication and relationship between host and guest, as well as the rights and obligations of the host and guest.

Image 4. Presentation of Dušanka Selaković – Tourist Organization Užice

The second day of the training had a practical character and was devoted to a field visit to rural households. Professor Radomir Stojanović, as a consultant, in the municipality of Prijepolje in the place called Jabuka visited, with a group of twenty participants from the municipalities of Prijepolje and Sjenica, several households that provide services and several of them who are preparing capacity to provide services for rural tourism. Professor Stojanović, after visiting the facilities, analyzed the existing capacities and operations of households and provided consultations, advices and recommendations for improving bussiness. Analysis of the current situation, according to Professor Stojanović, showed that Jabuka area has significant potential for the development of rural tourism. In addition to significant natural resources in this place, there are plenty of young people who are very interested in this activity. Special quality is cordiality, benevolence and organization of rural hosts.

Image 5. Jabuka / Municipality of Prijepolje Visit to rural households in groups

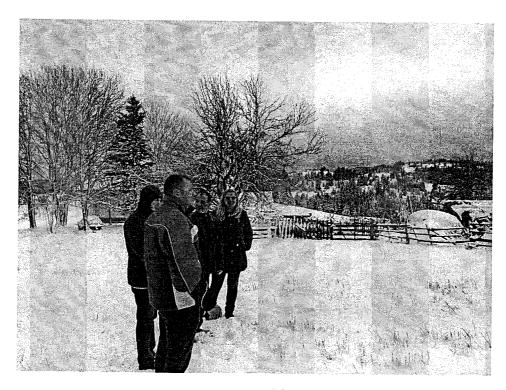

Image 6. Professor Radomir Stojanović provides advice and recommendations for business improvement

Analysis of the workshop results measured by assessments and observations of participants

The workshop was attended by 42 participants, of which women account for 40% (17 women). Of the total number of representatives, the survey on customer satisfaction (Form Quality System - QMS RCC Užice) was completed by 19 people.

Table 1. Review of the score results of the quality of the Preparing Project Proposals training course

Question	Average rating
How much are you satisfied with the content of	4.52
education? use scores from 1 to 5	
How much are you satisfied with the organization?	15-1 (satisfied)
use scores from 1 to 3	4-2 (partly satisfied)
How much are you satisfied with the working	4.57
material? use scores from 1 to 5	
How would you rate education?	4,52
(Total score) use scores from 1 to 5	

Analysis of survey data shows:

The content of education is rated with average score of 4.52

The organization of the workshop - 15 participants said they are completely satisfied, 4 of them partly satisfied

Working material is rated with a score of 4.57

The total score of education is 4.52.

Specific notices are indicated by 9 participants. The most important information presented in the notices are related to the great benefit of education, especially from a functional and practical knowledge. Opinions are also that there should be more interactive types of training so that benefit could be bigger for the participants. Due to the very large number and importance of the topics that were discussed at the workshop, theoretical part should be organized in two working days. One of the notes referred to needs for the information of potential donations in rural tourism.

Training and two-day workshop

ДВОДНЕВНА РАДИОНИЦА НА ЗЛАТАРУ

Унапређења рада

домаћинстава у сеоском туризму

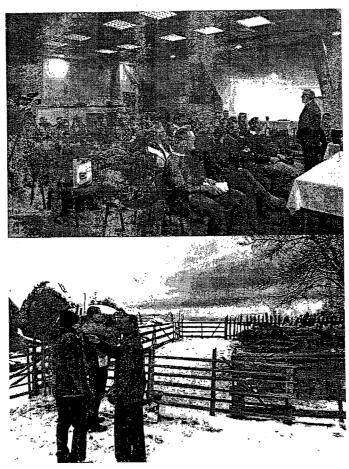

Регионална привредна комора Ужице један је од партнера у пројекту Темпус, који се бави модернизацијом и хармонизацијом студијских програма у туризму и спровођењем обука и радионица за потребе туристичке привреде у складу са исказаним потребама. Поред Регионалне привредне коморе Ужице партнери у пројекту су Висока потехничка струковних студја у Ужицу, као водећи партнер, Висока пословна школа струковних студија у Лесковцу, Факултет за хотелијерство и менацмент у туризму Врњачка Бања (Универзитет у Крагујевцу), ТО регије Западна Србија, ТО Лесковац и Привредна комора Војводине. Поред домаћих партнера у Темпус су укључени и страни парнери, из земаља чланица ЕУ, Грчке, Румуније, Велике Британије.

Једна од важних активности коју спроводи РПК Ужице у оквиру овог пројекта је успостављање и јачање пословне сарадње између привредних субјеката са подручја Региона из области туризма и високошколских установа у Србији које имају студијске програме из ове области.

У конгресној сали хотела "Панорама", радионицу, којој је присуствовао велики број учесника са подручја Нове Вароши, Пријепоља, Прибоја и Сјенице и општине Рудо из Босне и Херцеговине, отворио је Драгослав Николић, председник РПК Ужице и том приликом присутне је упознао са активностима Темпус пројекта.

Први део радионице био је посвећен теоријским знањима из области сеоског туризма. Едукативним програмом обухваћен је велики број тема и практичних проблема са којима се сусрећу српски домаћини. Професор Радомир Стоја-

У ортанизацији Ретионалне приврдне коморе Ужице, Турисшичке ортанизације ретије Западна Србија и Високе послово-шехничке школе из Ужица, а у паршнерству са Турисшичком ортанизацијама Злашара, Пријепоља, Сјенице и Прибоја, 11. и 12. фебруара, на Злашару је одржана дводневна радионица на тему:"Припрема домаћинства у сеоским и урбаним срединама за катеторизацију, прихват и боравак туриста".

новић из Високе пословне школе струковних студија у Ужицу говорио је о прописима и стандардима у руралном туризму и важним информацијама које се односе на припрему домаћинства за прихват гостију, неопходним евиденцијама, поступку категоризације објекта, значају организовања

и удруживања и важности интернета у пословању и промовисању овог вида туризма. Радомир Лишанин, директор Туристичке организације Ивањица представио је најзначајније информације у анимацацији и туристичком вођењу у руралном туризму, пружању услуга, исхране и пића у сео-

ском домаћинству и важности промоције продаје ове врсте услуга. Душанка Селаковић, стручни сарадник Туристичке организације Ужице, приредила је презентације о начину опремања и оргаизовања домаћинства, комуникацији и односу домаћина и госта као и правима и обавезама домаћина и госта.

Други дан обуке био је посвећен обиласку сеоских домаћинстава на терену. Професор Радомир Стојановић, као консултант, на подручју општине Пријепоље у месту Јабука са групом од двадесет учесника са подручја општина Пријепоља и Сјенице обишао је неколико домаћинстава која већ пружају услуге и неколико која припремају капацитете за сеоски туризам. Професор Стојановић, после обиласка објеката, анализирао је постојеће капацитете и пословање домаћинства и пружао консултаније, савете и препоруке за унапређење пословања.

Анализа затеченог стања по речима професора Стојановића показује да подручје Јабуке има значајне потенцијале за развој руралног туризма. Поред значајних природних потенцијала у овом месту има доста младог становништва које је веома заинтересовано за обављање ове делатности. Посебан квалитет представља срдачност, добронамерност и организованост сеоских домаћина. За бржи развој овог вида туризма потребно је јачати удруживање и повећати улагања у едукативне програме и промоцију.

Регионална привредна комора у складу са исказаним интересовањем сеоских домаћина, може у наредном периоду, организовати практични део обуке и на територији других општина Региона.

М.Криић
